DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John M. Rariden on 12/19/07.

The application has been amended as follows:

Cancel claims 1-20, 33-52, 65, 66 and 68-70.

In claim 21, line 5, after "respiratory" insert --organ--,
line 8, after "respiratory" insert --organ--,
line 9, replace "a heart" with --the heart--,
lines 9-10, replace "a respiratory" with --the respiratory--.

In claim 53, line 5, after "respiratory" insert --organ--,
line 8, after "respiratory" insert --organ--,
line 9, replace "a heart" with --the heart--,
line 10, replace "a respiratory" with --the respiratory--.

In claim 67, line 4, after "respiratory" insert --organ--,
line 7, after "respiratory" insert --organ--,
line 8, replace "a heart" with --the heart--,
lines 8-9, replace "a respiratory" with --the respiratory--.

Allowable Subject Matter

Claims 21-32, 53-64, 67, 71 and 72 are allowed.

The following is an examiner's statement of reasons for allowance:

Extracting one or more periods of minimal motion for a heart or respiratory organ using electrical and non-electrical data representative of cardiac motion and data representative of respiratory motion as claimed is not taught nor suggested by the prior art of record.

Related co-pending applications 10/723,894 and 10/723,857 either singularly or in combination with other art of record fail to render obvious the feature of extracting one or more periods of minimal motion for a heart or respiratory organ as claimed in the present application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George Manuel whose telephone number is (571) 272-4952.
